

ToughTorq TTQ-BATT-10K-48V

48V Lithium Battery Hydraulic Torque Pump

Maximum pressure: 10,150 psi

Battery: 48 V / 26 Ah lithium

Motor power: 750 W

First-stage flow: 1.27 GPM

Hydraulic flow: 2-stage

Runtime per battery: 1.5â 2 hours

Low-current remote: 20 ft

Stated noise level: <75 dB

Tank configurations: 10K-1-S and 10K-1-L

Designed for cordless hydraulic torque wrench work in the field,
during shutdowns, and at remote job sites.

TTQ-BATT-10K-48V Dimensions & System Matching

Published small- and large-tank configurations

Configuration	Width	Height	Length	Application
10K-1-S	11.42 in	16.93 in	16.14 in	Compact field setup
10K-1-L	11.61 in	19.09 in	17.32 in	Higher reservoir capaci~
